A=academic translations; P=professional translations; *This version is not included in our distribution set. It is available upon request (qportfolioteam@gmail.com).

NOTE about English source: The source language of all BODY-Q scales is English (not listed above), developed and validated in the US and Canada. One of the countries included in the field-test of the HRQL English source BODY-Q scales was the UK. The Eating Behavior scale has been professionally adapted and validated for the UK, available upon request.
