

# YOU CAN BE PART OF GENDER-Q!

*We invite the transgender & gender diverse community to help us refine a questionnaire (the GENDER-Q). This tool measures how people feel about their body and life before and after receiving care. Questions were made with input from 84 gender diverse people. Once refined, GENDER-Q will be used by providers and researchers to improve gender-affirming care.*

This online survey is for people who are:

- 18 years of age or older
- had or plan to have any form of gender-affirming care

*A thank-you draw will be held for 10 Amazon gift cards worth \$100 each*
